

AASL CORE LIST HISTORY, 1st to 5th editions (1995-2017)	1995	1998	2002	2009	2017	
<p>A comprehensive list of titles included in all editions to date [2021] of the Association of Architecture School Librarians' core list of periodicals in support of a first degree program in architecture (in North America), indicating the category assignment of each title per edition. Core = an aspirational list of 'best' publications. Supplementary = worthy general coverage publications to be added as funding allows and local curriculum requires. (This category began as a list of international titles, 1995-1998). Topical = additional titles to strengthen collections in specific areas of emphasis, a category added in 2017. Only the 1998 and 2002 editions noted titles that had ceased publication. Core periodical holdings for each library should also include regional, state, and local publications not included in this list, such as those produced by AIA and SAH chapters and local preservation organizations.</p>						<p>C CORE / FUNDAMENTAL*</p> <p>S SUPPLEMENTARY/RECOMMENDED* (aka International, 1995-1998)</p> <p>T TOPICAL*</p> <p>● CEASED PUBLICATION</p> <p>* (2017 categories)</p>

PERIODICAL TITLE	1995	1998
<p>UPDATE, 1998: Since 1995 a few changes to this list should be noted. Progressive Architecture and Design Quarterly have ceased publication. A call for nominations in the Spring of 1998 yielded one new addition, the German journal Detail, added to the optional international list. El Croquis, originally on the optional list, has been moved to the Core list, by general agreement. URL's to journals' websites are added when known but updated infrequently.</p>
